For all deployment related encounters (that are **not** the initial Pre-DHA, PDHA, or PDHRA) the proper “deployment-related code” is **v70.5 6** (Post Deployment Examination). This code is added by double clicking it or by hitting the “OK” button when it is highlighted.

Coding Deployment-related Condition Encounters

The “**deployment-related code**” is **v70.5 6** and is now present and modifying the condition (PTSD) that is deployment related.
